

External Grant Calendar for ARHU Faculty

We encourage faculty who are seeking external grant opportunities to explore the External Grant Calendar for ARHU Faculty. Please note:

- There are two tabs, the first lists Government agencies and the second lists Foundations.
- Grants are organized by deadline month, not exact due date.

Document FAQs

Q: Does this calendar include both external grant and fellowship opportunities?

A: No. This document provides a calendar view of external grant opportunities only. To explore external fellowship opportunities, please see the [ARHU Fellowship database](#).

Q: Does this calendar include internal grant opportunities, opportunities offered through the University?

A: No. Please see [Campus & ARHU Funding](#), on our website, for more details about internal opportunities.

Q: When is this calendar updated?

A: [Meghann Babo-Shroyer](#) updates this document periodically.

Q: What external grants are featured in this calendar?

A: This calendar includes commonly pursued, recurring, government and foundation grant opportunities that are relevant to ARHU faculty. One-time grants are not featured in this calendar. Grants for limited audiences—those that may only be relevant to faculty in one ARHU discipline—are not included.

Q: If a grant opportunity is listed in the calendar, does that mean it will be offered again at the same time next year?

A: Probably. Foundation and government sponsors adjust their grant programs periodically to meet their own objectives. The opportunities listed in this calendar are likely to be offered again, in approximately the same time period, in future years. However, there is no guarantee of recurrence unless the sponsor has explicitly noted this in their Notice of Funding/Request for Proposals.

Q: I found an opportunity and I want to submit! What should I do next?

A: That's great news! If you're planning to submit a grant application, please complete the [ARHU Intent to Submit form](#) and our team will respond to you within one business day.
